

Oncology/Women's Unit

About Our Team

The Oncology/Women's team is a dedicated team of R.N.s, LPNs, PCTs and a Unit Secretary that provide quality, compassionate care.

New Technology

We have oncology-certified nurses that promote excellence in oncology nursing, which includes:

- Chemotherapy
- Radiation therapy
- Care to the newly diagnosed cancer Patient
- post-operative care
- palliative care
- patient and family education
- patient and family support

Vital Stats

The unit is a dedicated oncology unit with 30 beds, 10 of which are dedicated to women. Our highest volume diagnoses are oncology/hematology patients including all medical and surgical patients at all stages of diagnosis and treatment.

Our Team Members

"I am very proud to be a nurse on the oncology floor. We have many special people who work together to make our unit a great place to work."

"Supportive team members and manager - it's a family atmosphere."

"I like working on Oncology because of my co-workers, including the oncologists."

"I like working on Oncology because it represents the ultimate nursing care: compassion above and beyond!"

"I love to work on this unit because I have good support from my co-workers and manager. It is a beautiful floor that is always neat and clean."

"We have a great team that works together and is dedicated to our patients."

"I love working on the Oncology Unit because I'm part of a team that works very hard to provide compassionate care to our patients."

"We have a great team of co-workers. It makes me feel good to know that in some small way I'm part of a patient's care."

A Word from Our Manager

"I am proud to be a part of a team that goes out of their way to provide the best care and support to our oncology patients and their family members." Rosalie Conner
